

Mercury Network

Finalist for the Lender's Choice Award for Best Service Provider in the Ellie Mae® Hall of Fame

More than 6,000 Encompass users from 220 institutions already use Mercury Network inside Encompass, and they recently selected it as a finalist for the Lender's Choice Award for Best Service Provider in the Ellie Mae® Hall of Fame. It was the only valuation management platform chosen.

Using Mercury Network inside Encompass, you'll save time and eliminate errors with features such as:

- Staff eliminates wasted time logging into multiple systems - just order appraisals directly inside Encompass
- All parties know the status of your appraisal at all times, plus the full order history is also in the loan file
- Skip borrower payment hassles and pass payment to your appraisal management companies or your internal appraisal desk
- Avoid typing data and mistakes that delay closings - the Encompass data flows to your appraisal order
- Data syncs between Mercury and Encompass like appraised value, appraisal fee, due date, appraisal completed date, and much more
- Excellent support for all your staff and your vendors
